We collected all problems from past AMC 8 exams (1999-2016) and AJHSME (1985-1998), which form our “big data” system. The AJHSME (American Junior High School Mathematics Examination) was the former name of the AMC 8, before 1999. We used data mining and predictive analytics to examine the types, styles, and frequencies of questions in all these materials, and...
