Panasonic was founded in 1918 by Konosuke Matsushita and started off as a company selling lamp sockets. In 1979, Panasonic began producing televisions for the U.S. market and eventually expanded into the European market as well. Along with LCD televisions, Panasonic became one of the leading brands in plasma televisions.

Panasonic Viera Repair - iFixit

Sam has a Panasonic Viera Plasma and wants to know if he should repair it or replace it. Leo says that if the repair is cheap enough (like \$100) then it's worth a try. Plasmas are great. But LCDs have gotten much better and with new power consumption requirements, Plasma sales dropped to the point where it was no longer profitable to make them.

Should I repair or replace my plasma TV? | The Tech Guy

Panasonic knows this, and has invested a lot of time (and money) into plasma technology. A few months back, we took a look at all of the TVs that manufacturers were planning for 2010. Panasonic plasma TV models definitely stood out. The company is still putting a lot of stock into plasma -- as well as their very popular VIERA line.
