Toyota 3.4 Swap Wiring Theory and Execution by theMonch Like everyone else attempting this swap, I also was intimidated by the thought of the wiring and looked for a solution by throwing money at the problem. Since ORS was out of business and I was not aware of ToyOnlySwaps.com's existence, I decided that I was going to tackle it myself.

The wiring can be one of the more complicated parts of this conversion. The 5VZ-FE (3.4L) fuel injection system is different from that of older Toyotas. This means the 5VZ electronics will have to be installed in the recipient vehicle, in order to make this engine swap possible. There are 3 primary parts of the OEM 5VZ-FE fuel injection circuit.

#### Visio-Visio Wiring Schematic - Breakdown

These two wires are the "travelers" to the 4-way switch. The third wire (the red) will not be switched at the 4-way location, but passes to the final 3-way switch. Note that a 3-conductor cable is often used for connecting 3-way and 4-way switches to each other, containing black, white and red conductors.

If using an original 3VZ-based A340 automatic transmission with the 3.4L 5VZ engine swap, a T100 ECU is required. If purchasing an ORS adapter-format conversion harness, the use of a 98 or older 5VZ-A/T engine wire harness is required for use with a T100-based ECU. We recommend inquiring about application compatibility (by email or phone) when using an engine harness and T100 ECU from different applications.

Three wire sensors (12V, GND, and signal leads) work much like single wire except they self heat. Four wire sensors have two signal leads; one indicates high AFR, the other low AFR. A wide band O2 sensor has a much wider band. Very helpful in calibration work Good for a couple points AFR either side of 14.7

We have found that 1 7/8" is the best size header for most LS swaps. So, we now offer a 1 7/8" long-tube in stainless steel specifically for this LS swap. These headers feature 3/8" flanges and very smooths bends that create a great raw stainless look. The 304 Stainless steel ensures maintenance-free longevity.
