Place bread on grill, crack egg into a dish (to make sure its good) and put it in the hole. Cook round piece off to the side until golden brown on both sides. Fry until egg looks half done. Carefully flip egg and toast and cook until done, being careful not to overcook. Place egg/toast on a plate, and place the round piece on top of the egg.

Birds Nest (Eggs and Toast) - BigOven.com

The only time to do so is before it gets too far along. Most birds take several days to build a nest, so if you catch it early, go ahead and remove it. Then, find a way to block off the area so the birds don't return. (Birds can be awfully persistent.)

Birds, Nests & Eggs (Take Along Guides) - ThriftBooks

Answered April 28 · Author has 51 answers and 88K answer views. Birds are far more practical than sentimental and simply driven to survive and reproduce. As a general rule, birds only bother with building nests when it's spring or summer and time to lay eggs and rear young. If a parent bird leaves a nest of eggs or young to get food, and then returns to find the nest totally destroyed, they would quickly assess the situation.
