Blueprint Reading: Construction Drawings

Step 1, Read the title block. These often appear at the beginning of any blueprints. If you are involved in any serious construction work, you will want to make sure to read it all thoroughly. The title block's first section lists the blueprint's name, number, as well as the location, site, or vendor.[1] X Research source If the drawing is part of a series this information will also be listed. This ...Step 2, Read the revision block. Any time changes to a building/system/component are made ...
