A cathedra is the raised seat, or throne, of a bishop in the early Christian basilica. When used with this meaning, it can be also called the bishop's throne. With time, it became synonymous with the "seat", or principal church, of a bishopric. The word in modern languages derives from a normal Greek word καθέδρα kathédra, meaning "seat", with no special religious connotations, and the Latin cathedra, specifically a chair with arms. It is a symbol of the bishop's teaching authority ...

Thrones were found throughout the canon of ancient furniture. The depiction of monarchs and deities as seated on chairs is a common topos in the iconography of the Ancient Near East.. The word throne itself is from Greek θρόνος (thronos), "seat, chair", in origin a derivation from the PIE root *dher-"to support" (also in dharmā "post, sacrificial pole").
