Capitalism: Money, Morals and Markets by John Plender (Biteback, £20) How do we make money-making respectable again? With difficulty, it would seem, given recent experience: the financial crisis; the Libor scandal; the extraordinary salaries that are once again making top bank employees billionaires. John Plender's splendid book takes us through the mistrust of profit and money lending through the ages—from the ancient Greeks to Karl Marx and beyond.

Michael Sandel has provided an interesting critique of markets that will likely be of interest to the socially concerned theologian. While this is an area he has long given attention to, his 2012 release What Money Can't Buy: The Moral Limits of Markets asks the question: "What is wrong with a world where everything is for sale?"
