economic analysis of contemporary media. Jonathan Hardy undertakes a critical survey of political economy scholarship encompassing worldwide literature, issues and debates, and relationships with other academic approaches.

Critical Political Economy of the Media: An Introduction ...

Critical political economy is a tool with which we can critically examine the media. It takes a distinctly Marxist approach to the study of communications. Focuses include analyzing how various economic classes are affected, how people have different levels of access to communications technologies, how capitalism affects the media and cultural industries, and how corporate ownership affects what the media produces.
