## **Democracy and Democratization: Processes and Prospects in ...**

Democratization, the process through which a political regime becomes democratic. Interest in democratization is due in part to the association between democracy and many important positive outcomes, including respect for human rights, economic prosperity, and security.

## **democratization | Definition, Theories, & Facts | Britannica**

Democratization is 'the transition to a more democratic system of government.' Historically, democratization has been kicked off by several factors. Higher wealth throughout the population gives...

## **What is Democratization? - Definition & Process - Video ...**

Rather than define a process of democratization, many have tried to define the empirical conditions necessary for the creation and success of democracy. In some of this work there tends to be confusion between the conditions of democracy itself, such as a free press and political parties, and that of successful democratization.

## **What Is Democracy? | Democracy and Democratization ...**

Democratization is a difficult and delicate process, and the broadening of the constitutional agenda that comes from participation may precipitate a crisis as power holders resist the new system (this is, of course, less of a problem if the making of the constitution is preceded by major changes in the power structure, due either to external factors or to local revolution).

## **Constitution Building Processes and Democratization**

Generally, the two types of democracy are direct and representative. In a direct democracy, the people directly deliberate and decide on legislation. In a representative democracy, the people elect representatives to deliberate and decide on legislation, such as in parliamentary or presidential democracy.
