Setting this up on a spreadsheet makes it extremely easy to track everything, at least for a small seller like me (2-3 sales a day on average). Add up Misc. Income and Gross Sales Income and that's your income. Add up all the others (except profit/total profit) and that's your expenses.

## **Solved: bookkeeping - The eBay Community**

You record a name, then the total amount in the Amount column and then that amount again under one of the other column describing what the amount is for. For example: You sell something for \$100. On the Receipts spreadsheet - Enter the date, the name the amount and under the sales column enter \$100. Your done.
