Encyclopedic Dictionary of the Sciences of Language ...

An encyclopedic dictionary typically includes many short listings, arranged alphabetically, and discussing a wide range of topics. Encyclopedic dictionaries can be general, containing articles on topics in many different fields; or they can specialize in a particular field, such as art, biography, law, medicine, or philosophy. They may also be organized around a particular academic, cultural, ethnic, or national perspective. Historically, the term has been used to refer to any encyclopedic refer

Encyclopedic Dictionary of Polymers by Jan W ... - Science

The world's most eminent general encyclopedia, the Encyclopaedia Britannica, is a huge work that covers every field of human knowledge. But encyclopedic doesn't have to refer to books; it's often used to describe the wide-ranging knowledge that certain types of minds just can't stop acquiring. Examples of encyclopedic in a Sentence
