The Fourth Edition continues to offer a conceptual understanding of statistics that can be applied readily to the real-life challenges of public administrators and policy analysts. The book provides examples from the areas of human resources management, organizational behavior, budgeting, and public policy to illustrate how public administrators interact with and analyze data.

### Essential Statistics for Public Managers and Policy ...

The Essentials is one of the few actual textbooks I still use. The subject matter of research methods and statistics still requires it. This edition of Healey's book is a 'good' textbook because it is well written, follows a logical sequence within each chapter and from chapter to chapter, and students learn and build a foundation before they ...
