examples are available in the Publication Manual. To find the reference example you need, first select a category (e.g., periodicals) and then choose the appropriate type of work (e.g., journal article) and follow the relevant example.

Reference Examples - APA Style

A scholarly journal can be thought of as a container, as are collections of short stories or poems, a television series, or even a website. A container can be thought of as anything that contains other pieces of work. In this case, cite the author and title of article as you normally would. Then, put the title of the journal in italics.
