5th Grade Lessons Science Next Generation - Home

The Next Generation Science Standards (NGSS) are K-12 science content standards. Standards set the expectations for what students should know and be able to do. The NGSS were developed by states to improve science education for all students. A goal for developing the NGSS was to create a set of research-based, up-to-date K-12 science standards.

Next Generation Science Standards

5-PS: Physical Science 5-PS1: Matter and Its Interactions 5-PS1-1: Develop a model to describe that matter is made of particles too small to be seen. Phase Changes Phases of Water. 5-PS1-2: Measure and graph quantities to provide evidence that regardless of the type of change that occurs when heating, cooling, or mixing substances, the total weight of matter is conserved.
