Good to Great Chapter 2 Summary & Analysis | LitCharts

Collins turns his attention to bringing the good-to-great concepts together with the ideas outlined in his previous book, Built to Last, which examined companies' long-term greatness. He notes that he and the research team decided to conduct the good-to-great research as if the previous book did not exist, in order to avoid biasing the results.

Good to Great Chapter 9 Summary & Analysis | LitCharts

"Greatness" is defined by Collins by a company that achieves financial performance several multiples better than the market average, over a sustained period. Collins and his research team identified a set of elite companies that had made the transition from good to great - and sustained that performance for at least fifteen years.

Good to Great Summarized for Busy People by James C. Collins

Chapter 9: From Good to Great to Built to Last. In the concluding chapter of Good to Great, Collins makes a connection between this book and his previous work, Built to Last, which represented the findings of a six-year study into the factors that determined whether a new company would survive in the long-term. First and foremost, Collins contends that companies need a set of core values in order to achieve the kind of long-term, sustainable success that may lead to greatness.
