Guide A 320 | downloadpdfbook.my.id

A320neo full guide from cold and dark, MCDU set-up, takeoff, approach, landing. As a relative beginner in flight simulators and especially big jets, I really wanted to properly learn how to operate the Airbus. There are already great tutorials about all stages of a flight available on YouTube, and I decided to create my own checklist document from these videos because there is no way I can remember every detail of that during a flight.
