A classic textbook by world-renowned authors, the Seventh Edition is comprehensively revised and updated in a new, full-color format. Each half of the book contains a core of theory chapters followed by chapters applying the theory to major policy questions of the past and present.

International Economics : Theory and Policy 7th edition ...

For anybody - but especially students - interested in exploring the subject of international economics, this is the book to start with. It is illuminating (as it is always the case with Krugman's writings) on otherwise technical concepts as comparative advantage, trade policy and exchange rate determinants, but it is also entertaining, with its "reality checks".
