### Lionel ZW 275 Watt Transformer - Postwar

The Lionel Type ZW Transformer was the largest that was issued during the post war period and is listed at 275 watts. This transformer would operate four individual trains on four variable voltage circuits, however the two inner controls were usually used for accessories and these have no whistle or directional controls. Has both power and short circuit light indicators. The ZW has the same case as the Type VW, but internally it is completely different. Produced from 1948 until 1966, early ...

### LIONEL TRAINS ZW TRANSFORMER - Tandem Associates LLC

The Lionel ZW is Lionel's most iconic transformer of the 1950s and 1960s, and perhaps one of its most iconic products, period.
