The impact of fatherhood is not subjective or unknown, but an objective and documented phenomenon. Although motherhood has dominated past parenting studies, researchers are progressively learning more about what makes a good dad and how to be a good dad every day. So far, they know that kids who grow up with a present, engaged dad are less likely to drop out of school or wind up in jail ...

The Science of How Dads and Father Figures Help Kids ...

In an email, Christopher Brown, president of the National Fatherhood Initiative (NFI), told me that the rise in single-father families can be attributed to two cultural factors: 1) "Men are seen as more capable parents, in general, and accepted as single fathers, specifically," and 2) "A greater willingness of the courts to award custody to single fathers—essentially awarding custody to the best parent, regardless of gender."
