Media Edge Media Logic And

From the internet to the NSA, he shows how media logic has transformed audiences into personal networks guided by social media. He argues that we have reached the media edge as social media have all but eviscerated the audience as a significant factor in the communication equation; mediated communication is increasingly about media performances and individual selection to promote identity.

Also note that not reverses the logic for the entire media query as a whole, not individual parts of it. not x and $y = \text{not}(x \text{ and } y) \neq (\text{not } x) \text{ and } y$. Exclusive. To ensure that only one media query is in effect at time, make the numbers (or whatever) such that that is possible. It may be easier to mentally manage them this way.

Logic in Media Queries | CSS-Tricks
