### My European Family The First

My European Family tells the story of Europe and its people through its genetic legacy, from the first wave of immigration to the present day, weaving in the latest archaeological findings. Karin goes deep in search of her genealogy; by having her DNA sequenced she was able to trace the path of her ancestors back through the Viking and Bronze ages to the Neolithic and beyond into prehistory, even back to a time when Neanderthals ran the European show.

In Ireland, the use of surnames has a very old history. Ireland was the first country in Europe to use fixed surnames [citation needed]. In England, the introduction of family names is generally attributed to the preparation of the Domesday Book in 1086, [citation needed] following the Norman conquest. Evidence indicates that surnames were first adopted among the feudal nobility and gentry, and slowly spread to other parts of society.
