Acupressure is an alternative medicine technique similar in principle to acupuncture. It is based on the concept of life energy which flows through "meridians" in the body. In treatment, physical pressure is applied to acupuncture points with the aim of clearing blockages in these meridians. Pressure may be applied by hand, by elbow, or with various devices.

Acupressure - Wikipedia

Ancient bone and stone "needles" thought to be thousands of years old have been found in modern excavation sites in China. What is known is that therapy with the technique of acupuncture has been helping heal people for ages. It's impossible to define acupuncture without linking it to Qi, or energy.

This is our TCM medical app, with all the information for acupuncturist. We are a group of doctors and engineers with a great project in mind, looking to develop an application that suits all the needs of acupuncturists. Initially, we are developing an application that helps to easily locate the points of each meridian, but our goal goes much further, as we seek to create a community that has ...

AcuPoint - Acupuncture - Apps on Google Play

The concept of a nebulous energy flowing through our bodies via "meridians" unknown to anatomy, and the putative ability to manipulate this energy via needles stuck into "acupoints", has birthed battlefield acupuncture, acudetox, acupressure, and electroacupuncture, all creatures of the modern era (not to mention the dozens of pre-modern varieties that also exist).

Aroma Acupoint Therapy - Science-Based Medicine

Immune modulation by stimulating specific acupuncture points along the Meridian System has been practiced in Traditional Chinese Medicine. The purpose of this study was to quantitatively determine whether acupoint vaccination, in which vaccine is administered at an acupuncture point in dogs, has the potential to enhance the immune response.

The serological response in dogs inoculated with canine ...

One plausible mechanism based on the meridian system of Part 1, i.e., the chaotic wave theory of fractal continuum in terms of the neurovascular network, is also proposed. It contends that the injury current due to acupuncture at an acupoint will trigger electromagnetic inductive effects so that the impedances of correlated neurovascular bundles are drastically changed.

The meridian system and mechanism of acupuncture--a ...

As one of the complementary therapies, acupoint application (AP) is an external therapy used in traditional Chinese medicine (TCM); with the aim of preventing and treating diseases, herbal medicines are made into plaster to be applied on certain acupoints.
