Samsung Galaxy Y Pro Duos Review. Call quality in the earpiece is about average, with a strong enough sound, but the voices sound a bit distorted. The microphone, however, relays very noisy, digitized voices to the other end, and to top it off they sound muffled. The 1430mAh battery is quoted for seven hours of talk time in 3G mode, which is slightly below average, and maintaining two network connections at once takes a heavier toll on the battery.
