SENSORY QUIZ · Sensory Intelligence Consulting

What's new with the Sensory Profile 2 compared to the original Sensory Profile? Also, my clinic still utilizes the first version, how much longer will the original be available? Answer Some of the things have stayed the same from the first edition, and then some of the things are different based on the data and evidence. There are five versions:

Sensory Profile 2: What's New And What Stayed The Same ...

The Sensory Profile Caregiver Questionnaire (SP; Dunn, 1999) is a widely used pediatric assessment that provides a standard method for professionals to measure the possible contributions of sensory processing to children's daily performance patterns by providing information about their tendencies to respond to stimuli and which sensory systems are likely contributing or creating barriers to

functional performance.

Test-Retest Reliability of the Sensory Profile Caregiver ...

Hi, Matt! I'm an OT working in psych and one of several who have created an self-study evidence based practice group that meets at Rush. We are currently studying sensory processing problems and how we might intervene in psych settings with sensory techniques rather than always using meds or leathers! We are working with the ADULT sensory profile.
