Making Silage from Lawn Clippings By using lawn mower clippings, molasses and a more or less airtight container, small-scale farmers and poultry producers can make their own silage.

### Making Silage From Lawn Mower Clippings - Farm and Garden ...

To make silage on a small scale, you'll need: 1 a lawn mower. 2 a lawn. 3 a dust bin. 4 heavy duty plastic bags. 5 time. So, after mowing the lawn, gather your clippings. Incidentally, it's best to do this when the lawn is a little damp so there's enough moisture for the curing process.

### Small scale silage making with lawn clippings ...

Small-Scale Silage. I do not have a silo, and I would like to test this out before investing the time and energy into building a below-ground silage pit, so I'll have to borrow from modern farming practices to keep my fresh greens airtight: plastic bags. If you've been out in farm country recently,

you've probably noticed long white ...

### **Small-Scale Silage for Chickens - Low Technology Institute**

Silage is actually made by following different methods such as by placing cut green vegetation in a silo or pit, piling the vegetation in a large head and compressing it down so as to purge as much oxygen as possible and then covering it with a plastic sheet, or by wrapping large round bales tightly in plastic film.
