#12: Know When to Move On. There will always come a point in your studies where you need to simply put down the book and move on. As always, life is about balance, and eventually you'll start to see diminishing returns on your study efforts if you try to spend too much time on one particular topic/class/chapter.. At some point, your time will be better spent studying for other classes, or ...

Have your teen practice applying gas and brakes, driving straight, turning, and backing up. As you see your teen beginning to master these skills, take note and make the situation a little more complex next time. For example, instead of just stopping and starting, have your teen pull into and out of a parking spot.
