Soul of a New Machine is distinct as Fear Factory's odd debut as a death metal band. Soul of a New Machine shows Fear Factory attempting, at an early stage, to establish a unique identity in the climes of early 90s death metal. There are a large number of features to this release that other bands hadn't bothered with at this time.

Fear Factory - Soul Of A New Machine | Releases | Discogs

Soul of a New Machine ushered in the '90s alternative metal era, even if few realized it at the time. Fear Factory were quite ahead of their time in 1992, the year Roadrunner Records released Soul, their debut album (though not technically their first, which would be the later-unearthed, Ross Robinson -produced Concrete demo album).
