According to the Red Queen hypothesis, sexual reproduction persists because it enables host species to evolve new genetic defenses against parasites that attempt to live off them.

Evolution: Sex: The Advantage of Sex - PBS

The Red Queen hypothesis is used independently by Hartung and Bell to explain the evolution of sex, by John Jaenike to explain the maintenance of sex and W. D. Hamilton to explain the role of sex in response to parasites.

Red Queen hypothesis - Wikipedia

"Sex is not about reproduction, gender is not about males and females, courtship is not about persuasion, fashion is not about beauty, and love is not about affection. Below the surface of every banality and cliché there lies irony, cynicism, and profundity." — Matt Ridley, *The Red Queen: Sex and the Evolution of Human Nature*

The Red Queen Quotes by Matt Ridley - Goodreads

The Red Queen takes for good the theory in *Sperm Wars* that humans use "kamikaze sperm" to attack other men's sperm in the vagina. As we have already seen in *Sperm Wars'* review, there is no evidence for killer sperm. Also the author mentions a study of men and women watching sex scenes and says that women were not aroused by gay scenes.
