### The Scalper - Diablo Wiki

The Scalper is a unique Francisca from Diablo II. The Scalper kills its enemies slowly but effectively; it deals a good ratio of its damage with its chance of Open Wounds, and steals life along the way. Therefore, players using the Scalper may want to resort to a guerrilla warfare type of gameplay, striking enemies, causing Open Wounds, and letting them succumb to those wounds.

“The key to trading success is emotional discipline. If intelligence were the key, there would be a lot more people making money trading... I know this will sound like a cliché, but the single most important reason that people lose money in the financial markets is that they don't cut their losses short”

## **Memberzone TFS | The forex scalpers community**

Scalping is the act of cutting or tearing a part of the human scalp, with hair attached, from the head, and generally occurred in warfare with the scalp being a trophy.

## **Scalping - Wikipedia**

The role of a scalper is actually the role of market makers or specialists who are to maintain the liquidity and order flow of a product of a market. The profit for each transaction is based only on a few bips (basis points), so scalping is typically conducted when there are large amounts of capital and high leverage or there are currency pairs where the bid-offer spread is narrow.
