of the social context as central to learning have gained importance in discussions of learning in adulthood. Wilson (1993) argues that "learning is an everyday event that is social in nature because it occurs with

Context-Based Adult Learning - Andrews University

The term "social context" is generally used to describe the types of settings in which people are engaged, including the groups with whom they interact and the culture in how they live. Varieties of peoples' customs, mindsets, traditions, and behaviors all influence their social context. Social context is also referred to as "social environment."

What Is the Meaning of Social Context? - Reference.com

Social context is what the environment is socially that you are in. For example if everyone is solemn, sad, and wearing all-black you can assume that they are going to or at a funeral. The social context makes all the difference for what you say, when you say it, how you say it, and the person you're saying it to.

Adult Learning in the Social Context - Peter Jarvis ...

Biologically, an adult is an organism that has reached sexual maturity. In human context, the term adult additionally has meanings associated with social and legal concepts. In contrast to a "minor", a legal adult is a person who has attained the age of majority and is therefore regarded as independent, self-sufficient, and responsible. The typical age of attaining legal adulthood is 18, although definition may vary by legal rights and country.

Adult - Wikipedia

Finger calls for collective, collaborative, and social learning as the basis for adult education. In this new context, "the possession of knowledge has become increasingly significant for individuals and groups who wish to influence societal development" (Arvidson and Rubenson 1992, p. 198).
