Re: Phaser 3610 A4 Tray 1 empty message. Since it tries to feed and fails before the message, it is safe to assume the feed roller is the problem, when the paper doesn't get picked up the printer then states there is no paper (because it can't feed it)

Phaser 3610 A4 Tray 1 empty message. - Customer ... - Xerox

What I want the printer to do is only take media from the bypass tray if the bypass tray is loaded and the loaded media fits the print job. In all other cases it should default to tray 1 and print plain A4. I've set the default paper size to A4 and also set "When specified paper is unavailable" to "Print Letter/A4 substitution".
