365 tomorrows : A New Flash of Science Fiction Every Day

In his *Visions of Tomorrow*, David Samuelson noted that many science-fiction authors prefer English as the universal spoken language in their stories. For written English on the other hand, many science-fiction authors perceive a bleak future.

Linguistics in Science Fiction - Wikipedia

What Does the Future Say About Us? Speculative fiction, particularly science fiction, deal with the future as a theme. But the future has not happened yet, you say. No one can predict the future. No one. Does the future matter? Of course, it does. We may live in the present but the future will arrive eventually...
