Literature Reviews - Education - Library Guides at ...

Writing a Literature Review. A literature review is a document or section of a document that collects key sources on a topic and discusses those sources in conversation with each other (also called synthesis). The lit review is an important genre in many disciplines, not just literature (i.e., the study of works of literature such as novels and plays).

Writing a Literature Review // Purdue Writing Lab

A concise, 'task analytic' presentation of the complex steps necessary in writing literature reviews. Tom Cooke, Sonoma State University. This is an excellent text for teaching both reading research literature and writing literature reviews. Marilyn Meisenheimer, Bemidji State University. A wonderful step-by-step guide to the writing process.

Information Sources. • Primary (empirical) sources*****. - original; empirical; first published account - details on methodology, findings, and discussion - systematic observation (carefully planned)

Writing Literature Reviews and Research Proposals

The final stage involves writing. When writing, keep in mind that literature reviews are generally characterized by a summary style in which prior research is described sufficiently to explain critical findings but does not include a high level of detail (if readers want to learn about all the specific details of a study, then they can look up the references that you cite and read the original ...
